# North Atlantic Road Racing Championship Regional Races (NARRC Runoffs)

The North Atlantic Road Racing Championships (NARRCoffs) were held on the 1.53 mile track at Lime Rock Park in Lime Rock, CT on October 20<sup>th</sup> and 21<sup>st</sup>, 2006 by the New York Region of the Sports Car Club of America, Inc. The sanction number was 06-RS-191-P.

This is the final event in the NARRC series which includes designated SCCA-NARRC races, hosted by the four NARRC regions (Mohawk-Hudson, New England, New York & Northern New Jersey) at three circuits: Pocono/PA, Lime Rock Park/CT, and New Hampshire International Speedway

Prior to the event, Dave Perlman, the Chief Steward, added a Group 1A to alleviate the oversubscription for group 1.

Two qualifying sessions for each run group were held on Friday. Five warm up runs; for closed wheeled cars and one for open wheeled cars held on Saturday morning. Three races were run before the lunch break and the remaining 6 run groups raced in the afternoon.

The two qualifying sessions for each run group were merged using the Orbits 2 software merge program.

The weather on Friday was very cold and rainy. A storm cell passed through the venue in the afternoon and halted on-track activities until the leaves could be blown off of the track. Saturday was cold and windy all day.

The AMB decoder was run in conjunction with the NNJR photocell into the Orbits 2 software program. On Friday afternoon, the photocell needed to be disconnected from the system for some run groups due to an unmanageable number of extraneous photocell hits due to water splash. The photocell stopped working on Saturday during group 8 (the last group) when the wind blew it out of alignment.

Track records for this event are:

- Group 1 New Track Record (1:01.453) for ITA by Andy Bettencourt in a Mazda Miata
- Group 1 New Track Record (1:02.924) for T3 by Brian Reilly in a Mazda RX8
- Group 8 New Track Record (1:02.791) for SM by Steven Gorriaran in a Mazda Miata

There are 3 main sections to this document:

1. Cover sheet and Overview
2. Race Results for each group consisting of
  - Qualifying session 1 results
  - Qualifying session 2 results
  - Merged Qualifying results
  - Race results sorted by laps
  - Lapchart

•

### 3. Competitor Database Listing

Adobe Bookmarks are available for quick navigation to a specific page in the document.

There were 10 workers in T&S on Friday and 15 on Saturday. Lenore Panas provided a hot water urn for coffee, tea and hot chocolate. The race chairs, Susan Ferretti-Lapham and David Lapham brought an innovative item of hot soup to the worker lunch menu which was appreciated by all of the workers, especially those working outside of the tower. Hot Chocolate during the afternoon worker breaks were also appreciated.

I would like to acknowledge the help and support of the following people who made Timing and Scoring the NARRCoffs possible:

- Nancy Huber, Timing Chief and NE Divisional Administrator of T&S
- Lenore Panas, Distribution Chief
- Barb Killmer, Scoring Administrator
- Roberta Flowers, Scoring Assignments
- Jim Dykman, Lead Taper
- Bart Carlevaro, T&S equipment transportation, setup and system testing
